PacifiCare Offers You a Choice of Benefit Plans

At PacifiCare, we understand how important it is for you to have choices in health care coverage options. For Secure Horizons Medicare+Choice Plan members in Los Angeles County, PacifiCare is pleased to offer a choice of benefit plans — including a choice of monthly health plan premiums and a choice of contracting providers.

PacifiCare is offering this choice of benefit plans for a number of reasons:

- PacifiCare is committed to maintaining a strong network of contracting physicians and hospitals despite rapidly rising costs.
- PacifiCare believes it is important to offer you the flexibility to choose the benefit plan that is right for you.

Secure Horizons Medicare+Choice Plan members in Los Angeles County have a choice of Value Plan, Standard Plan I and Standard Plan II. The difference between these three benefit plans include:

- In-Network Medical Groups and IPAs
- Prescription drug coverage
- Hospital benefits and copayments
- A Solution for Caregivers
- Monthly health plan premiums

Please refer to the 2004 Summary of Benefits for specific information and benefit differences between the three benefit plans.
Welcome to Secure Horizons Medicare+Choice Plan

With Secure Horizons Medicare+Choice Plan you have a choice of contracting medical providers. PacifiCare contracts with many quality medical groups — physicians organized for the purpose of providing medical care — and Independent Physicians Associations (IPAs) — groups of physicians who deliver or arrange for the delivery of health services and function as medical groups with physicians practicing out of their own independent medical offices. PacifiCare also contracts with quality hospitals in your community.

Health Care Terms

Primary Care Physician — The contracting medical provider you choose who is responsible for providing or authorizing covered services while you are a member of Secure Horizons Medicare+Choice Plan. Primary care physicians are generally physicians specializing in internal medicine, family practice or general practice. However, they may also be other provider types, based on your preference and health care needs.

Specialist — Any duly licensed physician, osteopath, psychologist or other practitioner (as defined by Medicare) who provides health care services for a specific disease, condition or body part and that your primary care physician/contracting medical provider may refer you to. Also any duly licensed emergency room physician who provides emergency services to you.

You Have A Choice of Benefit Plans

Secure Horizons Medicare+Choice members in Los Angeles County have a choice of Value Plan and Standard Plan I, with a lower monthly health plan premium or Standard Plan II with higher monthly health plan premium and a wider selection of contracting medical groups/IPAs.

How do I choose a benefit plan?

To be a member of Value Plan, you must select a primary care physician available through one of the contracting medical groups/IPAs listed in the Value Plan Provider Directory. After you make this selection, you must receive covered services, including specialist care, through the providers affiliated with your chosen contracting medical group/IPA. The primary care physician you select may be available with other contracting medical groups/IPAs listed in other Los Angeles County Provider Directories. When you select a primary care physician it is important to remember this limits you to the network of specialists who are affiliated with your primary care physician’s contracting medical group/IPA.

To be a member of Standard Plan I, you must select a primary care physician available through one of the contracting medical groups/IPAs listed under Standard Plan I of this Provider Directory or other Los Angeles County Provider Directories. After you make this selection, you must receive covered services, including specialist care, through the providers affiliated with your chosen contracting medical group/IPA. The primary care physician you select may be available with other contracting medical groups/IPAs listed in other Los Angeles County Provider Directories. When you select a primary care physician it is important to remember this limits you to the network of specialists who are affiliated with your primary care physician’s contracting medical group/IPA.

To be a member of Standard Plan II, you may select a primary care physician available through any of the contracting medical groups/IPAs listed in any of the Los Angeles County Provider Directories. There is a wider selection of primary care physicians and contracting medical groups/IPA available through Standard Plan II than through Value Plan and Standard Plan I. After you make this selection, you must receive covered services, including specialist care, through the providers affiliated with your chosen contracting medical group/IPA. The primary care physician...
Choosing a Primary Care Physician

Your relationship with your primary care physician is an important one. PacifiCare strongly recommends that you choose a primary care physician close to your home. Having your primary care physician nearby makes receiving medical care and developing a trusting and open relationship easier.

Always ask to see your primary care physician when you make an appointment. Your primary care physician is now responsible for all your routine health care services, so he or she should be the first one you call with any health concerns. When you select a primary care physician it is important to remember this limits you to the panel of specialists who are affiliated with the contracting medical group/IPA you have selected.

Changing Primary Care Physicians Within Your Contracting Medical Group/IPA

If you wish, you may request to change primary care physicians within your contracting medical group/IPA at any time. If the primary care physician is accepting additional Secure Horizons Medicare+Choice Plan members, the change will become effective the first day of the month following your request. You will receive a new Secure Horizons Medicare+Choice Plan membership card that shows this change. Call Customer Service for assistance.

Choosing a New Primary Care Physician Who Is With a Different Contracting Medical Group/IPA Who is With your Existing Benefit Plan

If you want to change to a primary care physician who is affiliated with a different contracting medical group/IPA, you must contact Customer Service. If the primary care physician is accepting additional Secure Horizons Medicare+Choice Plan members and your request is received on or before the 15th of the month, the transfer will become effective on the first day of the following month. If your request is received after the 15th of the month, the transfer will become effective the first day of the month following the month of your request. For example, if PacifiCare receives your change request on the 15th of July, your change is effective on August 1st. If PacifiCare receives your change request on the 16th of July, your change is effective on September 1st. You will receive a new Secure Horizons Medicare+Choice Plan membership card that shows this change.

Choosing a New Primary Care Physician or Contracting Medical Group/IPA Who is With a Different Benefit plan

If the primary care physician you would like to choose is in a different benefit plan, you will need to complete and return a Benefit Plan Transfer Application to transfer to that benefit plan and enroll with that primary care physician. Generally, completed Benefit Plan Transfer Application received by the end of the month will be effective the 1st day of the following month. For example, if your Benefit Plan Transfer Application is received July 20th, your effective date of your new benefit plan will be August 1st. Until your effective date, you will remain with your previously selected benefit plan and primary care physician and receive the benefits that are a part of that benefit plan.

How to Receive Covered Services From a Specialist

Even though your primary care physician is trained to handle the majority of common health care needs, there may be a time when he or she feels you need more specialized treatment. In that case, you may receive a referral to an appropriate specialist. In some cases, the request for a referral will need to have prior authorization from PacifiCare or your contracting medical group/IPA.

Please call Customer Service at 1-800-228-2144 or (TDHI) at 1-800-685-9355, 7:00 a.m. to 9:00 p.m., Monday through Friday, for more information.
When you select a primary care physician it is important to remember this limits you to the network of specialists who are affiliated with your primary care physician’s contracting medical group/IPA.

Access to OB/GYN Physician Services and Women’s Routine and Preventive Health Care Services

You may self-refer to an obstetrical and gynecological (OB/GYN) specialist within your contracting medical group/IPA for a routine pap smear, pelvic exam and breast exam annually. You may receive these covered services without prior authorization or a referral from your primary care physician. In all cases, however, you must receive covered services from an obstetrical and gynecological (OB/GYN) specialist within your contracting medical group/IPA.

How to Access Your Behavioral Health Benefits

If you would like to receive a referral for behavioral health services, please contact your primary care physician or contracting medical group/IPA. Authorized behavioral health services will be provided for a specific number of visits for a specific period of time.

If you change your primary care physician to one who is in a different contracting medical group/IPA, any referrals for behavioral health services that you previously received may no longer be valid. In this situation, you will need to ask your new primary care physician for a new referral, which may require further evaluation. In some cases, the request for a new referral will need to have prior authorization from your contracting medical group/IPA or PacifiCare.

Since your primary care physician is responsible for the coordination of all of your health care needs, it is important that you notify him or her if you wish to continue to receive behavioral health services from a provider who was affiliated with your previous primary care physician or contracting medical group/IPA.

If you continue to receive behavioral health services without a new referral from your new primary care physician, you may be financially responsible for the cost of those services. In certain circumstances, PacifiCare may authorize continued care.

What To Do in an Emergency

In the event of a medical emergency, go to the closest emergency room or call 911 for assistance. PacifiCare will cover emergency services whether you are in or out of the service area. Ambulance services dispatched through 911 are only covered if transportation in any other vehicle could endanger your life. You need to have someone telephone your primary care physician or PacifiCare at the number listed on your Secure Horizons Medicare+Choice Plan membership card as soon as reasonably possible. Secure Horizons Medicare+Choice Plan offers worldwide emergency coverage.

A medical emergency is a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, with an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1. serious jeopardy to the health of the individual or, in the case of a pregnant woman, the health of the woman or her unborn child;
2. serious impairment to bodily functions; or
3. serious dysfunction of any bodily organ or part.

When You Need Urgent Care and You Are in Your Service Area

If you need urgent medical care within your service area:

Many contracting medical providers have on-site urgent care centers. Many of these centers have extended hours and do not require appointments. PacifiCare encourages you to take advantage of this convenience in an urgent medical situation. Please see your contracting medical group/IPA.

Please call Customer Service at 1-800-228-2144 or (TDHI) at 1-800-685-9355, 7:00 a.m. to 9:00 p.m., Monday through Friday, for more information.
listing in this directory to locate the urgent care center affiliated with your provider.

1. Call your contracting medical group/IPA at the number listed on your membership card.

2. Identify yourself as a Secure Horizons Medicare+Choice Plan member and let them know you feel you need immediate medical attention.

3. Follow any first aid instructions provided (you may be advised to go to your medical provider, the urgent care center that is affiliated with your contracting medical group/IPA or to a nearby hospital).

Please see specific listing of contracting medical groups/IPAs for information regarding urgent care centers affiliated with the contracting medical group/IPA. Note: Not all contracting medical groups/IPA are affiliated with urgent care centers.

**When You Need Urgently Needed Services and You Are Out of Your Service Area**

Secure Horizons Medicare+Choice Plan also covers urgently needed services provided when you are out of the area served by your primary care physician or contracting medical group/IPA.

If such a medical need arises, PacifiCare requests that you, if possible, first telephone your primary care physician or PacifiCare, then seek care from a local doctor. If this is not possible, you may seek care from a hospital emergency room or other medical facility.

If you must visit a provider or a hospital emergency room for urgently needed services when outside the service area, you should contact your primary care physician or contracting medical group/IPA or PacifiCare within forty-eight (48) hours or as soon as reasonably possible, so that PacifiCare can be involved in the management of your care. While PacifiCare prefers you return to the service area and receive follow-up care through your primary care physician, follow-up care will be covered out of the service area when the care required continues to meet the above definition of urgently needed services.

**If you receive services without prior authorization, except for emergency services, urgently needed services, out-of-area and routine travel renal dialysis, or services for which PacifiCare allows you to self-refer to plan providers, neither PacifiCare nor Medicare will pay for those services.**

PacifiCare shall attempt to provide the continuing availability of the physicians, hospitals and contracting medical groups/IPAs listed in this directory. However, a physician, hospital or contracting medical group/IPA will occasionally become unavailable due to lack of capacity or termination of a contract. PacifiCare cannot guarantee that any specific physician, hospital or contracting medical group/IPA will be available to you during the term of your membership.

*Please call Customer Service at 1-800-228-2144 or (TDHI) at 1-800-685-9355, 7:00 a.m. to 9:00 p.m., Monday through Friday, for more information.*

How to fill a prescription at a contracting pharmacy

1. Take your prescription, written by your Secure Horizons M+C Plan contracting physician to a PacifiCare contracting pharmacy.
2. Present your Secure Horizons M+C Plan membership card at the contracting pharmacy.
3. Once your order is filled, pay your pharmacy copayment or coinsurance for up to a 30-day supply.

Please call Customer Service at 1-800-228-2144 or (TDHI) at 1-800-685-9355, 7:00 a.m. to 9:00 p.m., Monday through Friday, for more information. This list is subject to change.
Express Referrals®

Express Referrals® gives you access to a range of contracting specialists. It is fast, easy and convenient.

PacifiCare is pleased to offer Express Referrals through certain contracting medical groups/IPAs. With Express Referrals your primary care physician can refer you directly to a specialist contacting with PacifiCare – no further authorization is required.

The contracting medical groups/IPAs listed in this section work closely with PacifiCare to help you get the most convenience from your health care coverage.

How to access Express Referrals

1. Choose your contracting primary care physician

   To take advantage of Express Referrals, choose your primary care physician from one of the contracting medical groups/IPAs listed in this section.

2. See your primary care physician

   Your primary care physician works closely with you, knows your medical history, and will be best qualified to decide with you when you need to see a specialist. Your primary care physician may then give you a referral to a contracting specialist in any of the following categories:

   - Cardiology
   - Dermatology
   - Ear, Nose & Throat
   - Endocrinology
   - Gastroenterology
   - General Surgery
   - Hematology
   - Neurology
   - Obstetrics/Gynecology
   - Oncology
   - Ophthalmology
   - Orthopedic Surgery
   - Podiatry
   - Routine Laboratory
   - Routine X-ray
   - Urology

   *Note: You may self-refer to an obstetrical and gynecological (OB/GYN) specialist within your contracting medical group/IPA for a routine pap smear, pelvic exam and breast exam annually.

   If your primary care physician determines you need a specialist, and the medical service is a covered service, he or she will make an appropriate referral. **No further authorization is required.** Each referral will outline the number of specialist visits which are approved and other necessary special instructions.

3. Make an appointment with the specialist

   Once your primary care physician has given you a referral to a specialist, simply make your appointment.

The Secure Horizons Medicare+Choice Plan QUALITY INDEX® provides members with a snapshot of contracting medical groups/IPAs' performance in selected areas of clinical practice, service quality and affordability, thus helping members make more informed decisions when choosing a contracting doctor or deciding which contracting medical group/IPA to join.

Why was the Secure Horizons Medicare+Choice Plan QUALITY INDEX® developed?

The Secure Horizons Medicare+Choice Plan QUALITY INDEX® was developed in response to members' requests to obtain additional information about our contracting providers.

Why is the Secure Horizons Medicare+Choice Plan QUALITY INDEX® useful?

The Secure Horizons Medicare+Choice Plan QUALITY INDEX® profile can help identify local contracting providers that excel in particular areas. Providers, too, can see how their medical group/IPA compares with other contracting providers and take steps to help improve the quality of their services. Our goal is to provide members with quality by offering the Secure Horizons Medicare+Choice Plan QUALITY INDEX® profile to help select a Secure Horizons Medicare+Choice contracting medical group/IPA.

What are the Secure Horizons Medicare+Choice Plan QUALITY INDEX® Measures, and how are they measured?

The Secure Horizons Medicare+Choice Plan QUALITY INDEX® measures specific areas of clinical practice, service quality and affordability. The scores of all contracting medical groups/IPAs are tabulated and then converted to percentiles, which shows how one medical group/IPA compares to another.

To create the QUALITY INDEX®, Secure Horizons Medicare+Choice Plan selected key clinical practice, service and affordability measures and assigned a “Best Practice” symbol ★ to contracting medical groups/IPAs performing in the top 10 percentile in any given category.

If a particular contracting medical group/IPA scores in the 90th percentile in any given category, it means that the particular medical group/IPA performed better than 90 percent of the other contracting medical groups/IPAs in that category and thus Secure Horizons Medicare+Choice Plan awards a “Best Practice” symbol ★.

* Most Secure Horizons Medicare+Choice Plan contracting physicians belong to either a contracting medical group or IPA. Contracting Medical Groups are physicians organized as a legal entity for the purpose of providing medical care. The Contracting Medical Group has an agreement with PacifiCare to provide medical services to Members. Independent Physicians Associations (IPAs) are organizations or affiliated groups of physicians that deliver or arrange for the delivery of health services and function as Contracting Medical Groups with physicians practicing out of their own independent medical offices.
QUALITY INDEX

What do the Clinical Practice and Service Scores Measure?
The Secure Horizons Medicare+Choice Plan QUALITY INDEX® evaluates thirteen key clinical practice measures, ten key service measures and one affordability measure.

Clinical Practice Measures

Staying Healthy
■ Breast Cancer Screening
■ Pneumonia Vaccination
■ Flu Shots

Appropriate Care
■ Eye Exams for Diabetics
■ HbA1c Testing for Diabetics
■ Prescription Drug Treatment for Congestive Heart Failure (CHF)*
■ Prescription Drug Treatment after Heart Attack*
■ Use of Preferred Antibiotics
■ Hospital Re-admissions
■ Optimal Outpatient Care to Avoid the Need for Hospitalization

Patient Safety
■ Safe Dosing of Pain Killers
■ Cholesterol-lowering Drugs
■ PCP Asked You About Any Reactions/Allergies to Prescribed Drugs

These thirteen areas of clinical practice are important keys to help our contracting medical providers better monitor members' health, while also allowing our providers to detect patterns that may develop into more serious conditions.

For example, monitoring and treatment of members with chronic conditions like diabetes, hypertension and asthma can help keep members healthier and out of the hospital.

Service Measures

Member Satisfaction
■ Health Care Received
■ Contracting Medical Group
■ Contracting Primary Care Physician (PCP)
■ Timeliness of Referral Process
■ Frequently Visited Specialist
■ PCP Listens Carefully to You
■ Explanations by PCP are Easily Understood

Complaints
■ Primary Care Access Complaints
■ Claims Complaints

Transfers
■ Secure Horizons Medicare+Choice Plan Voluntary Disenrollments

These ten service measures demonstrate the overall level of member satisfaction in these areas. The “Primary Care Access Complaints” measure, for example, reflects factors such as members’ ability to contact a contracting doctor after office hours and wait times for appointments. Other service measures reflect member satisfaction with both the medical care and service provided.

Affordability Measures
■ Member Cost — Emergency Room

Affordability Measures are indicators of the member’s emergency medical costs, as well as other costs (copayments, coinsurance medications, specialty consultations, etc.) not covered by Secure Horizons Medicare+Choice Plan.

How are the clinical practice and service measures selected for evaluation?
Health plans, physicians and national organizations with expertise in assessing health care quality — such as the National Committee for Quality Assurance and the Foundation for Accountability — have been working together for years to develop standardized measures which allow meaningful comparisons of

* Represents clinical measurements for members with Secure Horizons Medicare+Choice Plan Covered Medications List Pharmacy Benefit.
contracting medical groups'/IPAs' performances. Secure Horizons Medicare+Choice Plan has adopted those standardized measures in some of the areas that our members have said are most meaningful to them. We have a complete report indicating the source of the data and specifications for each measure in the Secure Horizons Medicare+Choice Plan QUALITY INDEX®. This report is available to you upon request. To obtain a copy of the report, please contact Customer Service at 1-800-228-2144 or (TDHI) 1-800-685-9355, 7:00 a.m. to 9:00 p.m., Monday through Friday.

What does the Overall Score represent?
The Overall Score on the Secure Horizons Medicare+Choice Plan QUALITY INDEX® profile is the average of the combined total of the contracting medical group's/IPA's scores. Therefore, it is possible that a contracting medical group/IPA with no "Best Practice" stars may have a higher Overall Score than a contracting medical group/IPA with stars in multiple categories. For example, a percentile score of 56 means the contracting medical group/IPA scored better than 55% of all other contracting medical groups/IPAs.

By assigning a “Best Practice” designation, is Secure Horizons Medicare+Choice Plan recommending one medical group/IPA over another?
Not at all — every contracting medical group/IPA listed in the Secure Horizons Medicare+Choice Plan QUALITY INDEX® has demonstrated a commitment to help improve the health of our members. Physicians in our contracting network are credentialed and continue to participate in education programs, peer review activities and quality improvement initiatives.

Explain how a provider’s reputation may not match the number of Best Practices or Overall Score?
Different contracting medical groups/IPAs excel at different aspects of care. While we’ve taken steps to assure the Secure Horizons Medicare+Choice Plan QUALITY INDEX® profile represents a fair, comprehensive and relevant set of measures by which members and contracting medical groups/IPAs can better assess performance, we recognize that these measures still represent only one set of measures. Not all of the measures will address individual member preferences or other measures or procedures that may be important to them. While the Secure Horizons Medicare+Choice QUALITY INDEX® profile contains an extensive range of clinical and service indicators, it is only one way for consumers to measure contracting medical group/IPA performance.

Why does Secure Horizons Medicare+Choice Plan measure medical groups/IPAs instead of specific physicians?
Because the level of medical care and customer service provided by each contracting physician varies, measuring contracting medical groups/IPAs allows for a better, overall measurement of medical care and customer service. Since our members will differ about which areas of medical care and service are most important to them, we provide a broad selection of measures of contracting medical groups'/IPAs' performances in specific areas of clinical practice and service so you can focus on the specific measures that matter most to you.

Why is a medical group/IPA important to a member?
The contracting medical group/IPA authorizes care to members including preventive services, primary care and specialists or hospital service. If, for example, you have a chronic condition requiring the medical care of a specialist, you may want to select a contracting medical group/IPA with that specialist among its staff. If you only infrequently require a referral to a contracting specialist, you may be satisfied with a contracting medical group/IPA that refers you elsewhere for specialty care. In regards to hospitalization, you may want to select a medical group/IPA that is contracted with a hospital close to your home. In addition to referrals, contracting medical groups/IPAs are sometimes responsible for paying claims and sending reminders about preventive care to their members.

Note: Please refer to pages 18, 19 and 20 in this directory for a detailed explanation of how clinical and service measures were tabulated.
## How to Read the Secure Horizons Medicare+Choice Plan QUALITY INDEX®

1. Find your current contracting medical group/IPA or a medical group/IPA you are interested in, among the counties listed.
2. This column represents the contracting medical group/IPA Overall Score (an average of all scores in all measures) as a percentile relative to other reported medical groups/IPAs statewide, not the actual scores.
3. This column reveals the total number of “Best Practice” designations received by the contracting medical group/IPA.
4. Read the chart across the very top to see the specific clinical practice, service and affordability measures.
5. The Overall Score for each sub-category (clinical, service, affordability) is a percentile ranking relative to other contracting medical groups/IPAs statewide, not an actual score.
6. A star symbol ★ represents a measure for which a contracting medical group/IPA achieved a “Best Practice” designation.

- “Best Practice” designation is denoted by a **bold** score. Best Practice status is awarded when a contracting medical group/IPA scores 90 or higher in a particular measure putting it in the top 10% relative to other contracting medical groups/IPAs statewide.

- The maximum score that can be achieved for clinical and service measures is 99. Scores reflect absolute performance against Secure Horizons data reporting thresholds.

- A DBT in place of a score indicates “Data Below Threshold,” meaning the data available is less than the volume required for reliable assessment of performance.

**Note:** If your contracting medical group/IPA does not have a “Best Practice” star, its scores were not in the top 10 percentile in any given category. For a copy of the Secure Horizons Medicare+Choice Plan QUALITY INDEX® report that includes your contracting medical group’s/IPA’s actual percentile scores, please call Secure Horizons Customer Service at 1-800-228-2144 or (TDHI) 1-800-685-9355, 7:00 a.m. to 9:00 p.m., Monday through Friday.

### NOTE:

★ This symbol represents “Best Practice” contracting medical groups/IPAs. The Overall Score represents percentile rankings relative to other reported contracting medical groups/IPAs, not actual scores. For information regarding data collection and applicable time frames, see pages 18, 19 and 20. Total Best Practice symbols represent total number of Best Practice designations each contracting medical group/IPA received.
QUALITY INDEX

Overall Score
The Overall Score on the Secure Horizons Medicare+Choice Plan QUALITY INDEX® is calculated by creating a percentile ranking based on the average of all of the contracting medical groups'/IPAs' scores.

Total Best Practices
A star ★ represents a “Best Practice” which is a score of 90 percent or higher in a particular category.

Clinical Practice Areas Measured

Staying Healthy
Performance measured in areas of preventive health services which result in early identification of illness or disease prevention.

Breast Cancer Screening
This category measured the number of female Secure Horizons Medicare+Choice Plan members ages 52-69 who had mammograms to screen for breast cancer from 10/01/00 through 9/30/02.

Pneumonia Vaccination
This category measured the number of Secure Horizons Medicare+Choice Plan members, 65 years or older as of January 1 of measurement year, who received a pneumonia vaccination. Surveys were mailed and returned between 4/12/02 and 6/30/02.

Flu Shots
This category measured the number of Secure Horizons Medicare+Choice Plan members, 65 years or older as of January 1 of measurement year, who received an influenza vaccination. Surveys were mailed and returned between 4/12/02 and 6/30/02.

Appropriate Care
Clinical measures to assess how well acute and chronic illnesses are treated, based on scientifically proven medicine.

Eye Exam for Diabetics
This category measured the number of diabetic retinal exams performed on Secure Horizons Medicare+Choice Plan members age 31 and older with diabetes or those with a pharmacy claim* related to insulin/oral hypoglycemic product from 10/01/01 through 9/30/02.

HbA1c Testing for Diabetics
This category measured the number of Secure Horizons Medicare+Choice Plan members with diabetes, ages 31 and older with ICD-9 diabetes diagnosis codes or insulin/oral hypoglycemic pharmacy claims,* who received at least one annual blood sugar test from 10/01/01 through 9/30/02.

Prescription Drug Treatment for Congestive Heart Failure (CHF)*
This category represents the percentage of Secure Horizons Medicare+Choice Plan members with a diagnosis of CHF who had a pharmacy claim for any ACE inhibitor from 10/01/00 through 9/30/02.

Prescription Drug Treatment after Heart Attack*
This category measured the percentage of Secure Horizons Medicare+Choice Plan members ages 35 and older with a diagnosis of Acute Myocardial Infarction (heart attack) who had a pharmacy claim for a beta blocker between 10/01/00 through 9/30/02.

Use of Preferred Antibiotics
This category measured the percentage of prescribed antibiotics that are medically accepted for initiating treatment for diagnoses of bronchitis or pharyngitis from 10/01/01 through 9/30/02. A higher percentage reflects appropriate antibiotic prescribing.

Hospital Re-Admissions
This category measured the percentage of re-admission rate for Secure Horizons

* Represents clinical measurements for members with Secure Horizons Medicare+Choice Plan Covered Medications List Pharmacy Benefit.
Medicare+Choice Plan members within 30 days of an admission for the same diagnostic category as the admission from 10/01/01 through 9/30/02.

Optimal Outpatient Care to Avoid the Need for Hospitalization

Medical experts agree that for certain chronic conditions, hospital admission can sometimes be prevented with optimal outpatient care. Data in this category represents the percentage of all hospital admissions of Secure Horizons Medicare+Choice Plan members from 10/01/01 through 9/30/02 for the following conditions: angina, asthma, cellulitis, chronic obstructive pulmonary disease, congestive heart failure, diabetes, hypertension, kidney/urinary tract infections, pneumonia and immunizable conditions.

Patient Safety

Measures the frequency of safe prescribing practices to reduce the number of preventable illnesses.

Safe Dosing of Pain Killers

This category measured the percentage of certain narcotic prescriptions reflecting a dosage less than four grams of acetaminophen (APAP) per day from 10/01/01 through 9/30/02. A higher percentage reflects appropriate prescribing dosages.

Cholesterol-Lowering Drugs

This category measured the percentage of members receiving treatment with a statin drug from 10/01/01 to 9/30/02 who received medications that were not contraindicated with concurrent statin use.

PCP Asked You About Any Reactions/Allergies To Rx Drugs

Percentage of members who said “yes” when asked if their doctors inquired about adverse drug reactions and allergies they have experienced. Surveys were mailed and returned 4/12/02 through 6/30/02.

Service Areas Measured

Member Satisfaction

Performance measurement of member experiences with different aspects of care delivered by contracting network providers.

Health Care Received

This category represents the percentage of Secure Horizons Medicare+Choice Plan members rating their satisfaction with their health care at their contracting medical group/IPA as a 9 or 10 (0 = completely dissatisfied and 10 = completely satisfied). Surveys were mailed and returned between 4/12/02 and 6/30/02.

Contracting Medical Groups/IPAs

This category represents the percentage of Secure Horizons Medicare+Choice Plan members who related their experiences with their contracting medical group/IPA with a 9 or 10 (0 = completely dissatisfied and 10 = completely satisfied). Surveys were mailed and returned between 4/12/02 and 6/30/02.

Contracting Primary Care Physician (PCP)

This category represents the percentage of Secure Horizons Medicare+Choice Plan members who rated their contracting primary care physician with a 9 or 10 (0 = completely dissatisfied and 10 = completely satisfied). Surveys were mailed and returned between 4/12/02 and 6/30/02.

Timeliness of Referral Process

For the Secure Horizons Medicare+Choice Plan members who saw a contracting specialist in the twelve months preceding the data collection period, this category represents the percentage of those members who rated their satisfaction with the referral process as a 9 or 10 (0 = completely dissatisfied and 10 = completely satisfied). Surveys were mailed and returned between 4/12/02 and 6/30/02.
Frequently Visited Specialist
This category measured the percentage of Secure Horizons Medicare+Choice Plan members rating their satisfaction with the contracting specialist they saw most often as a 9 or 10 (0 = completely dissatisfied and 10 = completely satisfied). Includes only members who saw a contracting specialist in the last twelve months preceding the survey. Surveys were mailed and returned between 4/12/02 and 6/30/02.

PCP Listens Carefully to You
This category measured the percentage of Secure Horizons Medicare+Choice Plan members rating their PCP as always or usually listening carefully to them, on a scale of “Always,” “Usually,” “Sometimes,” “Never.” Surveys were mailed and returned between 4/12/02 and 6/30/02.

Explanations by PCP are Easily Understood
This category measured the percentage of Secure Horizons Medicare+Choice Plan members rating their contracting PCP as always or usually explaining things in a way they could understand, on a scale of “Always,” “Usually,” “Sometimes,” “Never.” Surveys were mailed and returned between 4/12/02 and 6/30/02.

Complaints
Measures complaints made by members in area of Primary Care and Claims.

Primary Care Access Complaints
This category represents the percentage of member complaints to Secure Horizons Medicare+Choice Plan from 1/01/02 through 12/31/02 about wait for/cancellation of appointment; time in provider facility; time for test results; seen by Physician Assistant or Nurse Practitioner when Medical Doctor is preferred; phone access trouble; ability to get after-hours appointment; member-requested change of contracting providers due to access problems. A high score indicates a lower number of complaints.

Claims Complaints
This category focused on member complaints to Secure Horizons Medicare+Choice Plan from 1/01/02 through 12/31/02 about denials, payment errors, collections and balance due notices, claims status and “capitated claims” that were in error.

Transfers
Measures member-initiated transfers to contracting medical groups/IPAs and contracting medical group/IPA denials overturned by Secure Horizons Medicare+Choice Plan in favor of the member.

Secure Horizons Medicare+Choice Plan Voluntary Disenrollments
This category represents members choosing to disenroll from Secure Horizons Medicare+Choice Plan from 10/01/01 through 9/30/02. A higher score indicates fewer members have requested transfers.

Affordability Measures

Member Cost – Emergency Room
This category measures the member’s emergency medical, pharmaceutical and other costs (copayments, coinsurance, medications, specialty consultations, etc.) not covered by Secure Horizons Medicare+Choice Plan from 4/01/01 through 3/31/02. This demonstrates the financial impact to the member and promotes judicious care delivery.

The Secure Horizons Medicare+Choice Plan QUALITY INDEX® should be used only as a guide to evaluating health care provider performance. The data collected from contracting medical groups/IPAs was independently examined by PriceWaterhouseCoopers, L.L.P., for conformity to predetermined guidelines and specifications.
Los Angeles County Standard Plan I

Your access to network hospitals is subject to the hospital affiliation of the contracting medical group/IPA you select, except for emergency admissions or authorized services. Please see the contracting medical group/IPA network pages to determine which hospitals are affiliated with the contracting medical group/IPA you selected.

For members enrolled in Standard Plan I, authorized services are covered only through the following contracting medical groups/IPAs:

Access Medical Group Inc
All Care Medical Group
Allied Physicians of California
Centinela IPA
Freeman Medical Group IPA
Good Samaritan Medical Practice Assoc
La Vida Multispecialty Medical Centers Inc A Medical Corporation
Lakeside Medical Group Burbank/North Hollywood
Omnicare Medical Group
Pioneer Provider Network A Medical Group Inc
Prairie La Vida Medical Group
Regal Medical Group Burbank/Glendale
Regal Medical Group Downtown Los Angeles Region
Robert Kennedy IPA Medical Group Inc
St Francis IPA Medical Group Inc
St Vincent Medical Group IPA
UCLA Medical Group/IPA

*Except for emergency services or when authorized by the Medical Director of the contracting medical group/IPA or PacifiCare.
The Secure Horizons Medicare+Choice Plan Provider Directory for the Value Plan lists all of the contracting medical groups/IPAs available through the Value Plan.

The Secure Horizons M+C Plan Standard Plan I and Standard Plan II Provider Directory, which lists the contracting medical groups/IPAs available through Los Angeles County Standard Plan I and Standard Plan II, has been divided into 5 separate directories based on geographic area. These geographic areas are: the Los Angeles Metro area, the greater Long Beach area, the South Bay area, the San Fernando Valley area and the San Gabriel Valley area. Some of these directories may not include contracting medical groups/IPAs available through Standard Plan II. Standard Plan II contacting medical groups/IPAs are not located in all geographic areas. You may request a copy of a Provider Directory for another geographic area by calling Customer Service.

Skilled Nursing Facility (SNF) Care

Secure Horizons Medicare+Choice Plan covers inpatient skilled nursing care and services in a Medicare-certified skilled nursing facility under contract with PacifiCare. Skilled nursing care is covered if you require skilled nursing care services or skilled rehabilitation services on a daily basis and these skilled services can be provided only on an inpatient basis in a skilled nursing facility. Inpatient stays solely to provide custodial care are not covered. You may not self-refer to a skilled nursing facility. The following is a list of skilled nursing facilities that your primary care physician, contracting medical group/IPA, contracting hospital or PacifiCare may refer you to in your area.
